Hi Ellen,

Good to hear from you and you are welcome. Yes, next week is too soon and we have scheduling conflicts. We've already booked with LTCC for October 18th at 3pm but can plan on your next scheduled meeting or other event. Let us know.

Thank you for reaching out to us, Jaqueline. We appreciate being kept in the loop.

Our regular **Little Tokyo Business Association** meeting had to be rescheduled this month so that I could handle some personal business. Our next meeting is this coming **Wednesday, Sept. 27, 12 noon, at our office, 250 E. 1st St. #201**. Lunch will be provided. I realize this is short notice, so you may prefer to attend our Little Tokyo BID general meeting on **Wednesday, Oct. 18, 3 p.m.**, at the same location, **250 E. 1st St. #201**, located in the California Bank and Trust Building on the southwest corner of 1st and San Pedro Sts.

Hi Kristin, thank you very much for the excellent follow-up. It was a pleasure speaking with you earlier today.

Good afternoon Ellen and Joanne, we at the City would like to continue to keep the lines of communication open with you on status of the demolition of the Parker Center as well as plans for the construction of the replacement structure. We do not want you to have a special meeting, just for the City to have a placeholder every few months or even quarterly on a regular meeting agenda so we can keep your organization up to date on the project's status. There will eventually be project specific community outreach meetings but for now we just want to be able to attend and answer any questions you have before we get to the community outreach part of the process. Would that be okay? If so, please let us know your meeting schedule for the next couple of months and we would be glad to attend.

I am including my project counterparts, Reza and Mahmood of the Bureau of Engineering.

Hi Ellen and Joanne,

Hope you both are doing well!

I think you might already know Jacqueline from the CAO's office - she and Stephanie Magnien (who is out on maternity leave) have been the leads on Parker Center.

Jacqueline and I are working out when she can do an update/presentation to LTCC about the status of Parker Center. I'm connecting you all in case you'd similarly like an update at an LTBA meeting.

Hope you all are able to connect! Thanks to all of you.

Best,
Kristin
